A-Com Cap VXL II Y3-conn

Hearing protector with a direct connection to a communication radio. A -Com's advanced noise cancelling microphone-earphone system enables clear communication. The A-Com also offers reliable communication in the most demanding noise environments such as many industrial applications, power plants and airports. It provides superior attenuation over the full frequency range. Spacious ear cups and soft ear seals make it comfortable to wear over long periods of time.

This product variant is a Helmet mounted hearing protector headset designed for the following Vertex radiophones:

- VX-146
- VX-160
- VX-180
- VX-231
- VX-241
- VX-410
- VX-350
- VX-451
