## A-Com Cap VXL II Y3-conn

A hearing protector headset with a direct connection to a communication radio. A -Com's advanced noise cancelling microphone-earphone system enables clear communication. The A-Com also offers reliable communication in the most demanding noise environments such as many industrial applications, power plants and airports. It provides superior attenuation over the full frequency range. Spacious ear cups and soft ear seals make it comfortable to wear over long periods of time.

### Key Benefits

- Ruggedized microphone boom with excellent background noise cancellation for clear communication in noisy environments
- Direct lead to a communication radio and PTT button on the shell
- Easy and quick to adjust Flex boom microphone
- Durable construction and soft replaceable ear cushions
- Padded headband and spacious cups for the maximum user comfort
